

Converse County Sheriff's Office

Agency Assist - Colorado

On February 12, 2021 at about 12:50 PM Converse County Deputies responded to the request to be on the lookout for a stolen Silver Dodge Durango which was believed to be driven by a suspect who had eluded officers in Colorado. The suspect has felony warrants out of Colorado. At about 2:53 PM the Converse County Joint Justice Center received information from Colorado the suspect might be in the Chalk Buttes area of our County and they advised all area law enforcement.

Deputies and officers in the area established a perimeter around the Chalk Buttes area and began to search the interior of that area. At 4:07 PM further information from Colorado detectives indicated the suspect was now believed to be north or northwest of Casper. Deputies and officers in our County had contacted residents and businesses in the reported area and found no witnesses or evidence to believe the suspect had ever actually left I-25, or that he was driving the same stolen vehicle as he passed through.
